

## **CRC PRESS FORENSIC & CRIMINALISTIC TITLES**

### **Tire Imprint Evidence**

**Peter McDonald**

#9515            \$109.95            9/92            #0849395151

Discusses methods for examining, capturing, and recording imprints, outlines standard procedures for identification, shows how to prepare expert testimony, and provides detailed technical information helpful in identifying imprints.

### **Friction Ridge Skin**

**James Cowger**

#9502            \$129.95            9/92            #084939502X

A complete guide to the collection, classification, and comparison of friction skin prints and the determination of identity and nonidentity. It discusses: the cause and significance of variations in prints; the importance of class characteristics in print; the application of probability in decision making; and photographic techniques and considerations.

### **Practical Investigation Techniques**

**Kevin Kinnee**

#8151            \$89.95            8/94            #0849381517

Teaches the proper investigative techniques for such criminal activities as extortion, blackmail, credit card fraud, check fraud, fencing operations, employee theft, sports gambling, money laundering, and shoplifting rings.

### **Practical Homicide Investigation**

**Vernon Geberth**

#8156            \$84.95            6/96            #0849381568

Learn the techniques and procedures to catch killers in Practical Homicide Investigation, the trusted "bible" used by thousands of law enforcement professionals across the country and around the world. Now the new Third Edition includes even more information - more photographs, more illustrations, more checklists, more case studies, and more protocols - than ever before.

### **Practical Homicide Investigation, Checklist & Field Guide**

**Vernon Geberth**

#8160            \$29.95            11/96            #0849381606

Contains many of the checklists from Practical Homicide Investigation, Third Edition that lead you step-by-step through procedures, tactics, and forensic techniques used in sudden death and violent death investigations. Using these checklists will ensure that a proper and complete investigation is undertaken at the death scene.

### **Use of Forensic Anthropology**

**Robert Pickering**

#8111            \$84.95            11/96            #0849381118

Provides guidelines for determining when to include and how to choose a forensic anthropologist in your investigations.

### **Forensic Taphonomy: The Postmortem Fate of Human Remains**

**William Haglund, Marcella Sorg**

#9434            \$119.95            12/96            #0849394341

Explains the links between the study of death assemblages by archaeologists and paleontologists (taphonomy) and the application of physical anthropology concepts to the medicolegal investigation of death (forensic anthropology) in a broad-based, multidisciplinary volume.

### **Forensic Dentistry**

**Paul Stimson, Curtis Mertz**

#8103            \$109.95            5/97            #0849381037

Takes you step-by-step through the world of forensic dental investigations and explains procedures in a comprehensive way. Includes mass disaster investigations, evaluating bite marks and bitemark evidence in death investigations, child abuse investigations, and in civil litigation for evaluating oral or temporomandibular injuries related to accidents.

**Drug Abuse Handbook****Steven Karch**

#2637      \$129.95      12/97      #0849326370

Contains detailed discussions of drug-related issues in criminalistics, pathology, and toxicology.

**1998****Forensic Radiology****B.G Bragdon**

#8105      \$109.95      4/98      #0849381053

Covers the entire spectrum of radiological applications in forensic science.

**Scientific and Legal Applications of Bloodstain Pattern Interpretation****Stuart James**

#8108      \$74.95      6/98      #0849381088

Brings together some of the most respected and noted experts in forensic science, the law, and bloodstain interpretation to provide a comprehensive overview of the discipline, including research, applications, and the current view of bloodstain interpretation.

**Interpretation of Bloodstain Evidence at Crime Scenes, 2<sup>nd</sup> Edition****Stuart James, William Eckert, Vernon Geberth**

#8126      \$94.95      7/98      #0849381266

Contains new technology and developments in the field, including 421 photographs and diagrams that aid in the interpretation of evidence.

**Guide To Forensic Pathology****Jay Dix, Robert Calaluce**

#0267      \$39.95      7/98      #0849302676

Provides a concise overview of forensic pathology to those who wish to know the basics but lack the formal forensic training, explaining everything from who the experts are in death investigation and what their roles are, to how effective testimonies are presented in court.

**Investigative Forensic Hypnosis****Jo Niehaus**

#8133      \$74.95      7/98      #0849381339

Presents the practical application and scientific side of the subject, explaining forensic hypnosis in an understandable way, answering common questions, and identifying its practical use in the courtroom.

**Practical Aspects of Munchausen by Proxy & Munchausen Investigations****Katherine Artingstall, Vernon Geberth**

#8162      \$84.95      8/98      #0849381622

The most comprehensive law enforcement handbook written on MBP, offering an insight into the dynamics of MBP abuse and the Munchausen offender.

**Sexual Exploitation of Children, 2<sup>nd</sup> Edition****Seth Goldstein, Vernon Geberth**

#8154      \$89.95      9/98      #0849381541

Discusses the new and different developments in the manifestation of problems in investigation and assessment of sexual cases, and offers advice on dealing with these issues.

**Transnational Criminal Organizations, Cybercrime & Money Laundering****James Richards**

#2806      \$74.95      10/98      #0849328063

Examines the workings of organized criminals and criminal groups that transcend national boundaries, including, methods used by criminal groups to launder money, law enforcement efforts to counteract such schemes, and new methods and tactics to counteract transnational money laundering.

**First Unit Responder: A Guide to Physical Evidence Collection for Patrol Officers****Mark Hawthorne**

#0023      \$29.95      11/98      #0849300231

A training guide and reference for patrol officers and criminal investigators, who conduct preliminary investigations of crime scenes, to aid in identification, collection, and booking of physical evidence.

**Atlas of Human Hair: Microscopic Characteristics****Robert Ogle, Michelle J. Fox**

#8134      \$79.95      12/98      #0849381347

Provides a comprehensive set of 127 full-color photographs and 6 line drawings illustrating examples of hair characteristics that must be considered when making a comparison between and evidence hair and exemplar hairs from an individual.

**Collective Violence: Effective Strategies for Assessing and Interviewing****Harold Hall**

#7002      \$159.95      12/98      #0849370027

Explores the variety of groups and institutions explicitly committed to destructive aggression and details evaluation and intervention strategies for violence sponsored by the state or by a group against individuals.

**Intro to Executive Protection****Dale June**

#8128      \$74.95      12/98      #0849381282

Emphasizes the basic elements of executive protection which are often neglected or overlooked in practical application.

**Lethal Violence: A Sourcebook on Fatal Domestic Acquaintances****Harold Hall**

#7003      \$159.95      12/98      #0849370035

Applies the lethal violence sequence analysis to a wide-ranging array of fatal aggression, resulting in a multitude of observations and principles of violence. Provides the base rate information and cases for each type of fatal interaction, the applies the knowledge to violence-related situations and settings.

**Expert Witnessing: Explaining & Understanding Science****Carl Meyer**

#1197      \$94.95      12/98      #0849311977

Shows how the communication barriers between scientist, expert witnesses, litigators, and a judge can be improved when all parties understand and respect each others needs and positions.

**Effective Expert Witnessing, 3<sup>rd</sup> Edition****Jack Matson**

#L1340      \$79.95      12/98      #0849303409

Incorporates recent court rulings concerned with reliability, relevancy, and the admissibility of expert testimony, which have drastically altered the nature of expert witnessing and trial strategy.

**Gunshot Wounds: Practical Aspects of Firearms, Ballistics, and Forensic Techniques,****Second Edition****Vincent DiMaio**

#8163      \$94.95      12/98      #0849381630

Provides critical information on gunshot wounds and the weapons and ammunition used to inflict them.

## **1999**

### **Law for the Expert Witness, 2<sup>nd</sup> Edition**

**Daniel Bronstein**

#8135            \$79.95            2/99            #0849381355

Discusses the practical aspects of pre-trial discovery and the Rules of Evidence, with most of the principles being illustrated by actual cases decided by various courts.

### **Money Laundering: A Guide for Criminal Investigators**

**John Madinger, Sydney Zalopany**

#0710            \$79.95            3/99            #0849307104

Gives law enforcement professional a clear perspective on Money Laundering and the progressive changes in its methods through the years.

### **Constitutional Law for the Criminal Justice Professional**

**Carl Franklin**

#1155            \$69.95            3/99            #0849311551

Helps to understand constitutional law issues as well as the complicated development of constitutional rights and law, including, search and seizure, arrest and civil rights as well as the judiciary, first amendment, due process and the judicial system.

### **Handbook for Death Scene Investigators**

**Jay Dix**

#0298            \$24.95            3/99            #0849302986

Provides the perfect handy, pocket sized on-the-scene reference guide.

### **Handwriting Identification: Facts and Fundamentals**

**Roy Huber, Alfred Headrick**

#1285            \$79.95            4/99            #0849302986

A definitive review of handwriting identification, presents how to approach document examination and then, in particular, how to apply handwriting identification to the document.

### **Drug Testing Technology: Assessment of Field Applications**

**Irving Sunshine, Tom Mieczkowski**

#7884            \$79.95            4/99            #0849378842

Covering a wide range of research being done in drug analysis, compares and evaluates various methods used to determine abused drugs taken by individuals, and their application in various programs and contexts.

### **On-Scene Guide for Crisis Negotiators**

**Frederick Lanceley**

#0784            \$44.95            6/99            #0849307848

Reference guide providing the nuts and bolts with regard to theory, procedures, and techniques of crisis negotiation. Explores issues such as crisis intervention, suicide intervention and hostage negotiation.

### **Financial Investigation and Forensic Accounting**

**George Manning**

#0435            \$79.95            6/99            #0849304350

Offers a thorough examination of current methods and legal concerns for the detection and prosecution of economic crime.

### **Handbook of Chemical and Biological Warfare Agents**

**Hank Ellison**

#2803            \$99.95            8/99            #0849328039

Provides information on how to deal with incidents involving dangerous chemical and biological agents.

### **Counter-Terrorism for Emergency Responders**

**Robert Burke**

#L1363      \$79.95      8/99      #1566703638

Aims to guide people who are responsible for providing aid and comfort to the victims at terrorist sites (both foreign and domestic), including emergency medical responders, firefighters, and the police. Covers recognition and identification procedures, security and isolation zones, the use of protective equipment and decontamination procedures, among other topics.

### **Forensic Science Glossary**

**John Brenner**

#1196      \$44.95      8/99      #0849311969

A single source reference that contains the spelling and definitions of commonly used terms found in forensic environments.

### **Footwear Impression Evidence Detection**

**William Bodziak, Vernon Geberth**

#1045      \$99.95      9/99      #0849310458

Reviewed and recognized as the most authoritative source in the field, this book describes the methods used worldwide to recover and identify footwear impressions from the scene of a crime.

### **Ethical Foundations of Criminal Justice**

**Richard Spurgeon, Carolyn Brown Dennis, Tere L. Chipman**

#9116      \$74.95      9/99      #0849391164

Details the philosophical concepts upon which ethical theory is based.

### **Environmental Forensics: A Glossary of Terms**

**Robert Morrison**

#0001      \$49.95      9/99      #0849300010

Contains over 3500 definitions and 1500 acronyms including regulatory phrases, geologic, toxicological, laboratory, and chemical terms.

### **Emergency Action for Chemical & Biological Warfare Agents**

**Hank Ellison**

#0613      \$34.95      9/99      #0849302412

Contains abridged versions of the class indices from the larger "Handbook of Chemical and Biological Warfare agents.

### **Hunting Serial Predators: A Multivariate Classification**

**Grover Maurice Godwin**

#1398      \$89.95      9/99      #0849313988

Explains how to research and interpret, psychologically, the crime scene actions of serial killers.

### **Investigating Computer-Related Crime**

**Peter Stephenson**

#2218      \$79.95      9/99      #0849322189

Gives a step-by-step approach to understanding and investigating security problems, and offers the technical information, legal information, and computer forensic techniques need to preserve the security of a company's information.

### **Environmental Forensics: Principles and Applications**

**Robert Morrison**

#2058      \$89.95      9/99      #0849320585

Discusses non-chemical methods such as corrosion modeling, inventory reconciliation, and aerial photography interpretation.

**Access Device Fraud & Related Financial Crimes****Jerry Iannacci**

#8130            \$54.95            9/99            #0849381304

Offers a true insight into a wide spectrum of criminal activity involving financial crimes.

**Confidential Informant: Understanding Law Enforcements Most****John Madinger**

#0709            \$79.95            10/99            #0849307090

Explores the covert and clandestine world of informants-revealing the secrets of how to find them and make the most out of them, while at the same time, avoiding the pitfalls of dealing with them.

**In Crime's Way: A Generation of Secret Service Adventures****Carmine J. Motto**

#2259            \$24.95            10/99            #0849322596

Real-Life experiences of "Top Cop" Carmine J. Motto, from witnessing a triple execution at NY's notorious Sing-Sing prison, to thwarting an assassination attempt on the life of Harry Truman.

**Quantitative-Qualitative Friction Ridge Analysis****David Ashbaugh, Vernon Geberth**

#7007            \$79.95            10/99            #0849370078

Examines the latest methods and techniques in the science of friction ridge identification, or ridgeology.

**Mass Fatality & Casualty Incidents****Robert A. Jensen**

#1295            \$54.95            11/99            #0849312957

Presents in checklist form the response to be carried out by an event which results in mass fatalities as varied as the crash of a jetliner or a bombing.

**Time of Death Decomposition & Identification: An Atlas****Jay Dix**

#2367            \$39.95            12/99            #0849323673

In-depth look at the determination of the time of death, postmortem changes, and identification through the use of photographs and discussions.

**Secure Computers and Networks: Analysis, Design, and Implementation****Eric A. Fisch, Gregory B. White**

#1868            \$84.95            12/99            #0849318688

Presents expert information on analyzing, designing, and implementing all aspects of computer network security including, World Wide Web security issues, secure electronic commerce, and incident response.

**Dead Reckoning Art of Forensic Detection****John Nordby**

#8122            \$54.95            12/99            #0849381223

Examines the applications of logic and science to decipher chaotic death scenes and difficult cases, and to derive orderly explanations from their jumbled clues.

**Geographic Profiling****Kim Rossmo**

#8129            \$79.95            12/99            #0849381290

Introduces and explains the geographic profiling investigative methodology in depth.

**Color Atlas of Forensic Pathology****Jay Dix**

#0278      \$219.95      12/99      #0849302781

Packed with 780 full-color, captioned photographs, this atlas examines everything from time of death and decomposition, to identification, to causes of death from blunt trauma, firearm injuries, asphyxia, cutting and stabbing injuries, and more.

**2000****Techniques of Crime Scene Investigation, 6<sup>th</sup> Edition****Barry Fisher**

#8119      \$89.95      1/00      #0849381193

Examines concepts, field-tested techniques and procedures, and technical information concerning crime scene investigations.

**Toxicologists Pocket Handbook****Michael Derelanko**

#0009      \$44.95      3/00      #0849300086

Provides the most frequently used toxicology reference information in a convenient pocket-sized format allowing quick access to vital information.

**Investigation of Road Traffic Fatalities: An Atlas****Jay Dix**

#2368      \$39.95      3/00      #0849323681

Covers the issues that face medical examiners, coroners, medicolegal death investigators and law enforcement personnel in determining the nature and extent of RTF injuries as well as the cause, manner, and circumstances of death.

**Asphyxia and Drowning****Jay Dix**

#2369      \$39.95      3/00      #084932369X

Provides an overview of the types, mechanisms, and physical findings associated with deaths involving asphyxia.

**Fitness for Duty: Principles, Methods, and Legal Issues****Anthony Stone**

#2286      \$69.95      5/00      #0849322863

Explains how to apply forensic psychology involving a variety of employee cases from every perspective including doing evaluations, reporting results, and supporting results in the courtroom.

**Endangered Children: Neonaticide, Infanticide and Filicide****Lita Linzer Schwartz, Natalie Isser, Harold Hall**

#1309      \$69.95      6/00      #0849313090

Provides a psychological, sociological, and criminological perspective of the acts of Neonaticide, Infanticide and Filicide with an emphasis on motives, alternatives, defenses offered, and penalties imposed.

**The Psychology of Understanding & Preventing Violence****Leighton C. Whitaker, Harold Hall**

#2265      \$54.95      6/00      #0849322650

Helps to understand different aspects of destructive behavior in order to prevent it in the future.

**Current Methods in Forensic Gunshot Residue Analysis****A.J. Schwoeble, David Exline**

#0029      \$99.95      6/00      #0849300290

Deals with major areas of gunshot residue analysis such as current and future methods of analysis, collection techniques, interpretation of evidence as well as expert testimony and report writing.

**Forensic Interpretation of Glass Evidence****James Michael Curran, John Buckleton, Tacha Natalie Nicks Champod**

#0069      \$119.95      6/00      #084930069X

Provides the practicing forensic scientist with the necessary statistical tools and methodology to introduce forensic glass evidence into the laboratory. Includes free software available for downloading at the author's Web site, scientists can apply their own data and draw conclusions using principles practiced in the text.

**Protection, Security, and Safeguarding: Practical Approaches and Perspectives****Dale June**

#0636      \$69.95      6/00      #0849300932

Draws on the security experience of former secret service agents and other notable security professionals to cover a variety of areas, including, personal protection, workplace security, residence security, healthcare security, and aviation security.

**Serial Offenders: Current Thought, Recent Findings****Louis Schlesinger**

#2236      \$69.95      7/00      #0849322367

Provides forensic psychologists and psychologists, as well as criminologists, social workers and corrections officials with relevant and informative data on the complexities of serial offenders.

**Forensic Evidence: Science and the Criminal Law****Terrence Kiely**

#1896      \$79.95      8/00      #0849318963

Comprehensive analysis of the most recent state and federal court decisions addressing the use of forensic science in the investigation and trial of criminal cases.

**Cadaver Dog, HB Forensic Training & Tactics for Recovery of Human Remains****Andrew Rebmann, Edward David, Marcella Sorg**

#1886      \$69.95      8/00      #0849318866

Encompasses a wide range of information for people who work closely with cadaver dogs, including police and death investigators.

**Principles & Practices of Criminalistics: The Profession of Forensic Science****Keith Inman, Norah Rudin**

#8127      \$79.95      8/00      #0849381274

Outlines a logical framework for the examination of physical evidence in a criminalistics laboratory.

**Forensic Art and Illustration****Karen Taylor**

#8118      \$99.95      9/00      #0849381185

The first book to provide complete coverage of all aspects of the field, and includes much previously unavailable information. Proceeds logically through explanations of facial anatomy, practical methodologies and techniques, case examples, and a glossary of terms. Includes more than 700 illustrations and photographs.

**Vehicular Accident Investigation and Reconstruction****Donald Vankirk**

#2020      \$89.95      9/00      #0849320208

Concentrates on the development of the skills, education, and information needed for an accident investigation and reconstruction, including the necessary tools, some of the pitfalls facing the investigator/reconstructionist and the latest advances and techniques in the field.

**The Practical Methodology of Forensic Photography, Second Edition****David Redsiccker, Vernon Geberth**

#2004      \$89.95      9/00      #0849320046

Combines directions for the old tried and true methods of photographic documentation (cameras, films, lighting sources) with analyses of the latest methods used in the practice (video, thermography, digital imaging).

**Forensic Entomology: Utility of Arthropods in Legal****Jason Byrd, James Castner**

#8120      \$139.95      9/00      #0849381207

Instructs individuals without a background in entomology on what to search for when recovering entomological evidence at a crime scene.

**Forensic Engineering Investigation****Randall K. Noon**

#0911      \$94.95      10/00      #0849374847

Compendium of the investigative methodologies used by engineers and scientific investigators to evaluate some of the more common types of failures and catastrophic events, providing analyses and methods for determining how an entity was damaged and when that damage may have legal consequences.

**Detecting Malingering and Deception: Forensic Distortion Analysis, Second Edition****Harold hall, Joseph Poirier**

#2325      \$119.95      11/00      #0849323258

The single most comprehensive and thorough rendering of distortion analysis to date. It takes the reader far beyond the basic differentiation between malingering versus defensiveness as the two modes of distortion in areas such as post-traumatic stress disorder, amnesia, competency, criminal responsibility, risk assessment, as well as the deceptive behavior in children, adolescents, the elderly, and nonhumans.

**Criminal Psychology and Forensic Technology: A Collaborative Approach to Effective Profiling****Grover Maurice Godwin**

#2358      \$89.95      11/00      #0849323584

The only book on the market that shows a team approach to criminal profiling, this title introduces alternative approaches to improving the way crimes are investigated and offender profiles are generated.

**Chemical Warfare Agents: Toxicity at Low Levels****Satu Somani, James Romano**

#0872      \$149.95      12/00      #0849308720

Discusses the toxicities of chemical agents at low-levels, the effects on military personnel after exposure, the long term effects, protection against, and remedies for chemical warfare agents and toxins.

## **2001**

### **Practical Handbook for Private Investigators**

**Rory McMahon**

#0290            \$64.95            2/01            #0849302900

Compilation of the work performed, with descriptions of the various types of investigations, case studies, and practical tips, including how to conduct every kind of investigation, how to testify, conduct surveillance, asset searches, and background checks on individuals and corporations.

### **Practical Aspects of Rape Investigation, 3<sup>rd</sup> Edition**

**Robert Hazelwood, Ann Wolbert Burgess, Vernon Geberth**

#0076            \$84.95            4/01            #0849300762

A multidisciplinary approach dealing with different principals involved in rape investigation: the police investigator, the examining nurse, the forensic scientist, the crisis counselor, and the prosecutor.

### **Forensic Uses of Digital Imaging**

**John Russ**

#0903            \$84.95            5/01            #0849309034

A simple guide to digital imaging for law and forensic professionals, showing you step-by-step how to use digital imaging to its best advantage.

### **Advances in Fingerprint Technology, 2<sup>nd</sup> Edition**

**Henry C. Lee, R.E. Gaensslen, Barry Fisher**

#0923            \$89.95            6/01            #0849309239

Covers the major developments in latent fingerprint processing, including physical, chemical, instrumental, and combination techniques.

### **Law Enforcement Info Technology: Managerial, Operational & Practitioner Guide**

**James Chu**

#1089            \$74.95            6/01            #084931089X

One-stop guide that enables the reader to understand the many complexities and hurdles associated with IT systems within law enforcement agencies.

### **Stalking Crimes: Victim Protection, Prevention, Intervention Threat Assessment**

**Joseph A. Davis**

#0811            \$79.95            6/01            #0849308119

Brings together all research done by professionals in various fields since 1990, covering all angles from the psychological aspects of stalkers to the legal ramifications of stalking.

### **Ethics in Forensic Science: Professional Standards for the Practice of Criminalistics**

**Peter D. Barnett, Keith Inman, Norah Rudin**

#0860            \$74.95            6/01            #0849308607

Examines the necessity for a code of ethics for forensic scientists, describes the fundamental features of such an ethical code, illustrates some ethical conflicts that arise in the course of professional practice, and gives examples of resolution of some of these conflicts.

### **Forensic Pathology, 2<sup>nd</sup> Edition**

**Vincent DiMaio, Dominick DiMaio, Vernon Geberth**

#0072            \$99.95            6/01            #084930072X

Written for both medical and investigative professional, this title presents an overview of medicolegal investigative systems, including investigative techniques and procedures.

### **The Counterterrorism Handbook, 2<sup>nd</sup> Edition**

**Frank Bolz Jr., Kenneth J. Dudonis, David Schulz**

#0964            \$79.95            7/01            #0849309646

Lays out a comprehensive strategy of how to deal with an entire range of possible terrorist incidents in a language friendly to first responders, policy makers, and security personnel.

**Advances in Forensic Taphonomy****William Haglund, Marcella M. Sorg**

#1189      \$94.95      7/01      #0849311896

Presents new and updated techniques in Forensic Taphonomy.

**Practical Aspects of Interview & Interrogation, 2<sup>nd</sup> Edition****David Zulawski**

#0648      \$79.95      9/01      #0849301017

Focuses on why false confessions exist and how to avoid them. Topics include: Telephone interviewing, False confessions, Field interviewing, Sexual harassment interviewing, Confronting the alleged Harasser, Pre-employment interviewing, and New legal aspects.

**Practical Drug Enforcement, 2<sup>nd</sup> Edition****Michael D. Lyman, Vernon Geberth**

#0920      \$84.95      9/01      #0849309204

Offers law enforcement personnel from all jurisdictions a suitable guide for the general management of drug investigations and of drug enforcement as a whole.

**Bloodstain Pattern Analysis with Intro to Crime Scene, 2<sup>nd</sup> Edition****Tom Bevel, Ross M. Gardner, Vernon Geberth**

#0950      \$94.95      9/01      #0849309506

Employs the latest protocols, including the application of scientific methods, the use of flow charts, and the inter-relationship of crime scene analysis to criminal profiling.

**Cyber Crime Investigator's Field Guide****Bruce Middleton**

#AU1192      \$49.95      11/01      #0849311926

Provides the details of investigating computer crime including from what to do upon arrival at the scene until the investigation is complete, including chain of evidence.

**Introduction to Forensic DNA Analysis, 2<sup>nd</sup> Edition****Norah Rudin, Keith Inman**

#0610      \$74.95      12/01      #0849302331

Translates new and established concepts of STR typing into plain English to understand how DNA analysis works, from sample collection to interpretation of results.

**Karch's Pathology of Drug Abuse, Third Edition****Steven Karch**

#0343      \$94.95      12/01      #0849303435

Provide a comprehensive yet accessible guide to the pathology, toxicology, and pharmacology of commonly abused drugs. As in previous editions, the focus remains on the investigation of drug-related deaths and on practical approaches to the detection of drug abuse.

**2002****Cyber Forensics: A Field Manual for Collecting, Examining, and Preserving Evidence of Computer Crimes****Albert J. Marcella, Jr, Robert S. Greenfield**

#AU0955      \$49.95      1/2      #0849309557

Provides a comprehensive, highly usable, and clearly organized resource to the issues, tools, and control techniques needed to successfully investigate illegal activities perpetuated through the use of information technology.

**Practical Criminal Investigations in Correctional Facilities****William R. Bell, Vernon Geberth**

#1194      \$69.95      1/02      #0849311942

Provides a detailed list of how tos as well as numerous captivating case histories and photographs of actual crime scenes and evidentiary items. Includes information on intelligence gathering, undercover operations, the use of confidential informants, warrants, court preparation, and testimony to help you take a case from investigation to prosecution.

**Forensic Linguistics: Advances in Forensic Stylistics****Gerald R. McMenamin**

#0966      \$69.95      3/02      #0849309662

Provides an introduction to the field for those who need to understand what linguist-witnesses do, and aids those experts who need to talk about what they do in non-technical terms. Covers topics such as spelling, text arrangement, abbreviations, word formation, characteristic words and phrases, and syntax. Also includes information on the most recent cases such as Ted Kaczynski's manifesto, the ransom note for Jon Benét Ramsey, and the anthrax letters threatening our government and media agencies.

**Science and Litigation: Products Liability in Theory and Practice****Terrence F. Kiely**

#0017      \$69.95      4/02      #0849300258

Takes you from research to courtroom, providing information about the admissibility of scientific ideas and leads, for both expert witnesses and attorneys and takes you through the necessary steps to be successful in litigation.

**Medicolegal Neuropathology: A Color Atlas****David Dolinak, Evan W. Matshes**

#1361      \$199.95      5/02      #0849313619

Uniquely demonstrates and explains many neuropathologic findings in a way that will aid investigators of sudden and unexpected death integrate their own findings into the total case context. With helpful tips and reminders, as well as over 500 bold, colorful photographs, this well-organized resource helps you quickly recognize, document, and understand the diverse realm of neuropathological findings waiting to be discovered at autopsy.

**Expert Witnessing in Forensic Accounting: A Handbook for Lawyers and Accountants****Zeph Telpner, Michael Mostek, Jack Matson**

#0898      \$69.95      6/02      #0849308984

Shows how to be successful in the courtroom through the hands-on experiences of both a certified public accountant and a trial attorney, and guides you through the entire judicial process - revealing mistakes and triumphs along the way and presenting guidelines for everything from choosing an accountant to analyzing the opposing expert's deposition.

**Occupational Crime: Deterrence, Investigation, and Reporting in Compliance with Federal Guidelines****Ernest C. Blount**

#1377      \$79.95      8/02      #0849313775

Covers deterrence and detection not only of financial fraud, but of all kinds of occupational crime such as sale or possession of illegal drugs, theft of company property, and even unethical behavior such as conflicts of interest.

**Forensic Science: An Introduction to Scientific and Investigative Techniques****Stuart M. James, John J. Nordby**

#1246      \$79.95      8/02      #0849312469

Provides readers with a general overview, a focused understanding, and a deep appreciation of the wide scope of forensic sciences, encompassing classic criminalistics and beyond.

**Principles of Kinesic Interview & Interrogation, 2<sup>nd</sup> Edition****Stan Walters, Vernon Geberth**

#1071      \$79.95      9/02      #0849310717

Provides insight into how people behave during interviews, what their behaviors reveal, and why they exhibit those mannerisms.

**Officer-Involved Shootings and Use of Force****David E. Hatch, Vernon Geberth**

#1268      \$59.95      9/02      #084931268X

Provides guidelines for the development of use-of-force investigative policies that will address the concerns of the agency, the employee involved, and the community.

**Forensic Science Lab Manual****Thomas Kubic, Nicholas Petraco**

#1508      \$29.95      10/02      #0849315085

**Legal Nurse Consulting: Principles and Practices, 2<sup>nd</sup> Edition****Patricia W. Lyer**

#1418      \$99.95      11/02      #0849314186

Defines the knowledge base of the specialty for LNC's.

**Drug Interdiction: Partnerships, Legal Principles & Investigative Methodologies for Law Enforcement****George S. Steffen, Samuel Candelaria**

#1252      \$69.95      12/02      #0849312523

Comprehensive guide for law enforcement officers and administrators to learn specific techniques for all areas of drug interdiction.

**Asset Protection and Security Management Handbook****James Walsh**

#AU1603      \$79.95      12/02      #0849316030

Addresses the most commonly recognized issues in the field and explores the future of asset protection management.

**2003****A Radiologic Atlas of Abuse, Torture, Terrorism, & Inflicted Trauma****Dr. B.G. Brogdon, Dr. Hermann Vogel, Dr. John D. McDowell**

#1533      \$129.95      2/03      #0849315336

Two distinguished radiologists and a renowned odontologist combine their lifetime collections of photographs dealing with radiologic diagnosis of violence.

**Managing A Network Vulnerability Assessment****Thomas Peltier, Justin Peltier**

#AU1270      \$59.95      5/03      #0849312701

Provides a formal framework for finding and eliminating network security threats, ensuring that no vulnerabilities are overlooked. Focuses on assessment, the development of a scope statement, the proper use of assessment methodology, the creation of an expert assessment team, and the production of a valuable response report.

**Sex-Related Homicide & Death Investigation: Practical and Clinical Perspectives****Vernon J. Geberth**

#1281      \$79.95      5/03      #0849312817

Addresses the increase of sex-related homicides and deaths that law enforcement encounter and provides a comprehensive and practical resource text that serves as an investigation guide and clinical reference for those involved in sex-related homicide and death investigations.

**Nuclear, Chemical, and Biological Terrorism: Emergency Response and Public Protection****Mark Byrnes, David A. King**

#L1651      \$99.95      6/03      #1566706513

Provides emergency responders, federal and local security personnel, and others with guidance on measures that should be considered to protect human lives from terrorist activities involving nuclear, chemical, and biological weapons. Also analyzes Human exposure and treatment methods.

**Methamphetamine Use: Clinical & Forensic Aspects****Dr. Errol Yudko, Dr. Sandra B. McPherson, Harold V. Hall**

#1477      \$139.95      6/03      #0849314771

The first book to cover virtually every aspect of amphetamine/methamphetamine use and abuse, including the history, pharmacology, pathology, and physiology of methamphetamines as well as its use in criminal forensic cases.

**Traumatic Brain Injury: Methods for Clinical & Forensic Neuropsychiatric Assessment****Robert P. Granacher, Jr.**

#1429      \$139.95      6/03      #0849314291

Provides a step-by-step guide to conducting a competent, thorough evaluation of a traumatically brain-injured patient. It also offers methods for determining causation, malingering, symptom magnification, and assessment of impairment levels for disability claims.

**Violence Assessment & Intervention: The Practitioners Handbook****Michael H. Corcoran, James S. Cawood**

#1510      \$79.95      6/03      #0849316107

Describes how to handle individuals from a behavioral rather than psychological perspective, covering cases worked by threat assessment teams.

**On Scene Guide for Crisis Negotiators, 2<sup>nd</sup> Edition****Frederick Lancelly**

#1441      \$49.95      6/03      #0849314410

Offers practical advice with regard to the theory, procedures and techniques of crisis and suicide intervention and hostage negotiation.

**Forensic Investigation Clandestine Laboratories****Donnell R. Christian**

#1227      \$79.95      7/03      #0849312272

Addresses all of the issues involved with the forensic investigation and prosecution of clandestine labs in a non-technical manner.

**Investigating Religious Terrorism & Ritualistic Crimes****Dr. Dawn Perimutter**

#1034      \$69.95      7/03      #0849310342

Provides law enforcement investigators and forensic scientists with a complete resource manual to assist in crime scene identification, criminal investigation and prosecution of occult crime.

**Sexual Murder: Catathymic and Compulsive Homicides****Louis B. Schlesinger**

#1130      \$99.95      8/03      #0849311306

**Terrorism and Organized Hate Crime: Intelligence Gathering, Analysis, and Investigations****Michael Ronczkowski**

#2012      \$79.95      9/03      #0849320127

Shows how to gather intelligence on activities generated by both international perpetrators operating with another country's borders as well as domestic-brand terrorists. It gives concise instructions on proven techniques of gathering, analyzing, and disseminating information to stop terrorist acts before they happen.

**Critical Incident Management****Alan B. Sternecker**

#AU0010      \$49.95      9/03      #084930010X

Presents an expert overview of the elements that companies need to address in order to prepare for and respond to network and information security violations. Focuses on the establishment of policies and actions that prevent the loss of critical information or damage to infrastructure.

**The Hackers Handbook****David Aitel, Susan Young**

#AU0888      \$59.95      9/03      #0849308887

Presents an organized profile of hackers, industrial espionage, and information terrorist attacks. Explains who they are, how they do it, the tools they use, and what countermeasures to take in order to deploy them quickly

**Investigator's Guide to Steganography****Gregory Kipper**

#AU2433      \$79.95      9/03      #0849324335

Provides a working understanding of steganography and its uses in the world today. Includes the history of steganography, modern digital steganography tools including strengths and weaknesses, and outlines real-world uses of steganography in the business, military and personal arenas.

**A Casebook Forensic Engineering****Peter Rhys Lewis, Colin Gagg, Ken A. Reynolds**

#1182      \$79.95      9/03      #0849311829

Focuses on failure analysis in mechanical engineering, particularly on consumer products and offers real-life experiences of practicing forensic engineers.

**Color Atlas & Manual of Microscopy: Criminalists, Chemists, & Conservators****Nicholas Petraco, Thomas Kubic**

#1245      \$199.95      9/03      #0849312450

Represents a quantity of simple methods for characterizing and identifying a broad range of materials. Includes over 400 color photomicrographs of the most commonly encountered materials for specimen matching.

**Effective Expert Witnessing, 4<sup>th</sup> Edition****Jack Matson**

#1301      \$69.95      9/03      #0849313015

Builds on the third edition and incorporates much more information on how to survive legal challenges to one's expert testimony. Also includes case studies and examples from many disciplines within and outside of the sciences.

**Investigations in Workplaces****Eugene F. Ferraro**

#AU1648      \$79.95      9/03      #0849316480

Defines and examines the investigative process within workplaces. Also explores the legal aspects of investigation in the private sector and the role of an effective litigation avoidance strategy.

**Techniques of Crime Scene Investigation, 7<sup>th</sup> Edition Interactive Training CD-ROM****Jane M. Homeyer**

#2104      \$89.95      10/03      #0849321042

Provides training in an easy and entertaining format with instant feed-back, present interactive crime scene scenarios in full color, and can be used in self-training or in a classroom setting.

**Techniques of Crime Scene Investigation, 7<sup>th</sup> Edition****Barry Fisher**

#1691      \$89.95      10/03      #084931691X

Examines the newest concepts, field-tested techniques and procedures, and technical information concerning crime scene investigation. Contains updates of the newer areas in the field, covers new topics, and provides new photographs.

**Bioterrorism: Field Guide to Disease Identification and Initial Patient Management****Dag K.J.E. von Lubitz**

#2030      \$59.95      10/03      #0949320305

Includes coverage of major pathogens relevant to bioterrorism. Contains Web-based resources for the latest information and alerts. Also provides a list of federal and state resources for further information.

**Practical Investigation Sex Crimes: A Strategic & Operational Approach**

**Thomas P. Carney**

#1282            \$69.95            10/03            #0849312825

Provides a day-to-day guide for investigating sex crimes, with examples of actual case histories and photographs of crime scenes.

**Analysis and Interpretation of Fire Scene Evidence**

**Jose R. Almirall**

#7885            \$69.95            10/03            #0849378850

Addresses analytical laboratory issues relating to fire debris examination, and covers areas relating to methods and standards developed by the American Society of Testing Material Committee E-30 on Forensic Science.

**Color Atlas: Autopsy**

**Scott A. Wagner**

#1520            \$199.95            11/03            #0849315204

The first full color atlas to show the basics of autopsy and how it is used in death investigation as well as the first book to focus on autopsy protocol rather than specific injury topics. Includes over 400 photographs.

**Handbook of Basic Tables for Chemical Analysis, 2<sup>nd</sup> Edition**

**Thomas J. Bruno, Paris D.N. Svoronos**

#1573            \$179.95            11/03            #0849315735

Provides comprehensive, one-stop information for researchers, technicians, and students performing chemical analyses, particularly for those not specializing in this field.

**Global Drug Enforcement: Practical Investigative Techniques**

**Gregory Lee**

#1629            \$79.95            11/02            #0849316294

Provides both basic and advanced techniques for conducting modern drug investigations. Covers drug-specific topics such as source countries, drug identification, conspiracy investigations, clandestine laboratories, drug intelligence, and money laundering that every detective assigned to a drug investigation must know to be effective.

**Transnational Criminal Organizations: Cybercrime & Money Laundering: A Handbook for Law Enforcement Officers, Auditors, and Financial Investigators, 2<sup>nd</sup> Edition**

**James R. Richards**

#1417            \$79.95            12/03            #0849314178

Presents the newest methods to counteract money laundering schemes that transcend the national boundaries, including international banking, how to create deterrence programs within the multi-national banking system, transnational criminal organizations with special emphasis on terrorist groups, and how to join forces within the international law enforcement and political communities to prevent, discover, stop, and prosecute financial crimes.

**Forensic Science: An Illustrated Dictionary**

**John C. Brenner**

#1457            \$79.95            12/03            #0849314577

Provides the widest possible view of forensic science including areas of pathology, ontology, anthropology, entomology, computer crime, arson investigation, engineering, and psychology.
